L. XXVI, NO. 223 GAINESVILLE, FLORIDA, SUNDAY, OCTOBER 24, 1909 TEN CENTS A WEEK

AS. H. SMITH KILLED BY CHARLES HUSBAND

w Seminole Hotel in Jacksonville Was Scene of Tragedy Early Saturday Morning.

ACKSONVILLE, Oct. 23.—Because thought his own life in danger, and ing a threat made against him, rles A Husband, a carpenter, shot killed James H. Smith, an elec- lan, on the first floor of the Semi- Hotel, now in process of con- ction at the corner of Forsyth and an streets, shortly before 7 o'clock morning. Five shots were fired Husband, and every one took ef- in the body of Smith. Either of which entered his body near the rt would have caused death. Smith to the floor of the building after shooting and died without a word. The coroner's jury which met at o'clock this morning found a ver- of justifiable homicide, and Hus- d was liberated immediately after finding of the verdict.

Husband made no attempt to es- e, as he stood with the smoking tol in his hand, and was arrested thin a few minutes after the shoot- . The reports of the five shots ught hundreds who were on their to work, running into the build- , and workmen about the structure lf rushed to the scene.

The shooting occurred near the cen- of the first floor and close to the sting engine used in operating an vator for material. That Husband ared the threats of Smith made in presence of witnesses is apparent m the fact that at 11:20 o'clock night he awakened Justice L. D. well and took out a peace warrant against Smith, alleging that Smith had threatened to kill him if he did not leave the city. The warrant was issued and would have been served upon Smith this morning but for the unfortunate shooting.

Husband Talks.

Shortly after his arrest Husband freely made a statement. He spoke briefly and to the point and appeared to be making a true statement of the facts. He said:

"Day before yesterday (Thursday) I was told that this man had threatened to kill me. Friday noon I received a message over the telephone, warning me to be on the lookout. This message and the other one came from friends. Friday afternoon when we quit work on the building I stopped Smith and said: 'Mr. Smith, I understand you have said that you were going to kill me.' He spoke in an angry tone, saying: 'Yes, damn you, I'd kill you now if I had my gun. Next time I see you I'll do it. You'd better get out of town. I killed one —— —— ——, and I'll kill you, too.'

"Carl Camps, who was working in the building with us, heard this remark of Smith. This morning, fearing trouble, I carried my revolver in my side trousers pocket. As I entered the building Smith was waiting not far from his tool box. I thought he was armed and ready to carry out his threat. I was cautious, but did not seek trouble. He stopped me and said: 'Damn you, you ain't left town yet?' As he made a move toward his tool box I pulled the gun and fired every shot in it. I hated to do it, and I regret that I was compelled to, but I just had to do it; that's all."

Even then Husband did not realize that he had killed Smith, and the remark of regret was made after he had been told that Smith was dead. Husband boarded at 330 Bridge street at the boarding-house conducted by Smith's wife, with whom he had lived for several years. It was because of some jealousy regarding her that Smith became angered at Husband, and, as it is alleged, threatened to kill him.

Smith's reference to the killing of one man is founded upon fact: On October 26, 1907, shortly after 9:30 o'clock, at the corner of Bridge and Bay streets, Smith shot and killed John Massey Milton, a fireman on the Seaboard Air Line railway. Smith at that time was employed as a shipping clerk by the VanDeman Grocery Company. Milton was also a boarder in the home of Smith's wife, and upon a combined defense of unwritten law and insanity Smith was acquitted in the circuit court, his case coming up for trial on January 21, 1908. He was acquitted on January 23rd, the trial occupying two days. Milton was a son of T. N. Milton, a prominent business man of Lake City. The wife at this time denied the story told by her husband in his defense.

Smith has not lived with his wife since that time, and just why he sought Husband's life is sealed by death. Smith lived at the corner of Myrtle avenue and Adams street, at a rooming house. Husband came to Jacksonville a little over a year ago from North Carolina. His home, however, is at Hartsville, S. C., where he has a brother, T. J. Husband, and a sister, Mrs. R. H. Howle. Another brother, W. L. Husband, lives at Aberdeen, Wash.

After the shooting friends of the dead man opened his tool chest, which was unlocked with the key still in the padlock, and a Smith & Wesson, 38-calibre revolver was found laying on top of the tools. The gun was loaded.

SENATOR McCARREN OF NEW YORK IS DEAD

Great Brooklyn Democrat Who Refused to Support Hearst for Governor Dies From Operation.

NEW YORK, Oct. 23.—Patrick H. McCarren, State Senator and Democratic leader of Brooklyn, died at St. Catherine's Hospital, Brooklyn, at 1:15 o'clock yesterday morning, never having completely rallied from the effects of an operation for appendicitis which was performed on October 13. His death was not unexpected, in fact the Senator himself realized throughout the afternoon and the earlier part of the night that his end was near.

Senator McCarren remained fully conscious all day. He said to the physicians in consultation over him yesterday:

"Gentlemen, I know what you have come for. There is no need for a consultation. I knew I was dying the day I walked into this hospital. I have made a study of my own case, and I find that my trouble is an old heart and an old stomach. If you replace them with new ones there might be a chance of my getting better."

One of the pathetic features of Senator McCarren's illness was that his aged mother was not apprised of his condition. She thought that the campaign had kept him from home and Senator McCarren had insisted that she be kept in ignorance for fear the shock would be too great for her.

Patrick Henry McCarren, by trade a cooper, by profession a lawyer, and by vocation a politician, was one of the most picturesque figures in the political history of Greater New York. No leader was ever more roundly condemned, yet at the close of sixty-one years of his life, he was probably the most strongly entrenched leader in New York State, and had even wielded some influence in national politics.

Senator McCarren first became recognized as a commanding leader in the days when David B. Hill was at the height of his power. In 1903, he wrested the leadership of Brooklyn from Hugh McLaughlin, who had held it for forty years. Since that time the Senator had won all primaries, though his political death was predicted each year. At the Democratic national convention, which nominated Alton B. Parker, the task of inducing Southern leaders to remain in line, following the arrival of the famous "gold" telegram, fell on McCarren's shoulders.

McCarren's opposition to the candidacy of Mr. Hearst for Governor led to the charges of treason against him, and his delegates were excluded from the party convention in April of last year to name delegates to the national Democratic convention.

Nevertheless, he appeared there with delegates, and was rejected. His downfall was then confidently predicted, but only last month he received what he regarded as final vindication when he won nineteen out of

Pensacola Man Must Serve His Term in Penitentiary

PENSACOLA, Oct. 23.—William amp, prominent as the proprietor the most luxuriently furnished saon in Florida, must serve eighteen onths in the State penitentiary, for, ter having fought the case at every oint, the supreme court of the State as handed down a decision affirming e decision of the lower courts. This ews reached here yesterday morning, and was received with much reret by the friends of Camp. He was rrested a year ago, with a number of her prominent young men, it being harged that they operated the Deuma Society Club as a gambling ouse. A number of them pleaded guilty to the charge and were fined as high as $2,500, while others are now serving terms in jail. The sentence upon Camp was more severe than upon the others by reason of the fact that several years ago he was fined $500, and warned that if he was ever convicted again in this court he would be sent to the penitentiary. This the court did in passing sentence immediately after conviction. Camp's attorneys believed there was a chance to get the decision reversed owing to the class of evidence admitted, but the supreme court states that the evidence was admissible.

A Great Reunion.

S. A. Fewell and L. W. Jackson have returned from Live Oak, where they attended the annual reunion of the Confederate Veterans of the State. They say that the meeting was a most pleasant one and that fully 600 old warriors assembled there for this occasion. Both speak in the highest terms of the liberal treatment that was accorded them, and state that everything in the city was free to them during their visit.

Bigham and Avant Given Three and a Half Years

CHARLESTON, S. C., Oct. 23.—"Guilty of manslaughter," read the verdict returned at 4:15 o'clock yesterday afternoon at Georgetown, S. C., in the trial of Dr. G. C. Bigham and A. B. Avant, charged with the killing of the young wife of Dr. Bigham at Murrell's Inlet on the evening of September 4. A motion for a new trial was overruled, and the judge sentenced the defendants to a term of three and a half years at hard labor in the penitentiary. The prisoners were admitted to bail in the sum of $1,500, pending an appeal to the supreme court.

Mrs. Bigham was shot to death by Avant while she was walking toward the beach, where she intended to go into the surf. It was almost dark, and the defendants claimed that when they received no response from her when called upon by them to explain who she was, and what she wanted, they believed it was someone who had been engaged in some unlawful act, and was trying to escape.

In pronouncing sentence, Judge Watts stated that the case was one of the most mysterious and unsatisfactory he had ever tried and that, while he did not believe the killing was malicious, he would not have been surprised had the verdict been either acquittal or conviction for murder. Great recklessness had been shown, he said, and the defendants had been rattled or greatly frightened.

Wreck on the Panhandle Causes Death Six People

RICHMOND, Ind., Oct. 23.—Six persons were killed in a wreck on the Panhandle division of the Pennsylvania railroad, near Collinsville, Ohio, yesterday when a southbound passenger train ran into a freight train on an open siding. A relief train with medical aid was sent from Richmond.

The passenger train, which does not stop at Collinsville, was said to have been running fifty miles an hour when the crash came. According to reports the switch was open and the passenger and freight trains collided head-on.

The dead:

E. G. Webb, Richmond, fireman of passenger train.

O. O. Raines, Kokomo, mail clerk.

Louis Marshall, Richmond, engineer of freight train.

E. H. Hatfield, Green Fork, mail clerk.

Elmer Brokn, Logansport, Ind., engineer of passenger.

C. A. Johnson, Eaton, Ohio, mail clerk.

It is said that none of the passengers were killed, but several men in the smoking car were injured.

UNIVERSITY WINS OVER JACKSONVILLE

MAKE A CLEAN-UP OF NINE TO NOTHING.

University Squad Showed Up in Most Excellent Shape on Battle Ground.

University 9, Olympics 0.

The above was the result of the first football contest with the Olympics Saturday afternoon in Jacksonville, when the strong body of players from the University visited the metropolis to carry off the honors.

In all there were about sixty-two of the faithful admirers of Coach Piles' men from the University that accompanied the team over from this city, while a large number of citizens went over also on the other trains for the purpose of witnessing the first contest of football played by the University.

The 'Varsity boys showed their superior training, and it is safe to state that they will win a large percentage of the games the coming season with all of the elevens they are to tackle here and elsewhere. One of the strongest elevens that was ever assembled from any school in the South is now championing the cause of the University of Florida.

Following is the line-up of the University team: Moody, left end; Waggoner, left tackle; McMillian, left guard; Storter, Skipper, center; Cox, right guard; Rader, right tackle; Johnston, right end; Pile, quarter-back; W. A. Shands, left half-back; Vidal, full-back; E. A. Taylor right half-back.

Taylor showed up well, kicking three goals from the field. In the first half one goal kicked from placement was caught by Pile on the twenty-yard line, being a fair catch. There were two drops in the second half.

Taylor, Vidal, Rader and Pile were the ground gainers, while Moody and Shands did good work on offense.

Florida was penalized to a considerable extent, but the officiating was considered good. The halves were of twenty minutes' duration.

PRESBYTERIAN ENTERTAINMENT.

Will Hold Big Bazaar During the Next Month.

The ladies of the Presbyterian church will hold a bazaar during the coming month, Friday, November 19, having been decided upon.

For the last four years these ladies have made their money by free-will offerings, but not desiring to be forgotten by the public, they have decided upon this bazaar, feeling assured that they will have a generous share of your patronage. Full details will appear later, as soon as all arrangements are made, but don't forget the date, Friday, November 19th.

thirty-two districts of his borough.

Physically, Senator McCarren was very tall and lank. His face was almost funereal when in repose. In manner he was courteous, and generous of attention, but niggardly of speech. The qualities which in the opinion of his friends contributed most to his success in politics were keenness, tenacity of purpose, personal fidelity, perfect self-control and patience. He was sometimes called a hard man devoid of sentiment.

"I had a romance once," he said to a close friend, "when I was a young man I fell in love with a girl and we were married. We lived very happily. We had five children. When I was thirty-one, I had buried my wife and five children."

Control Your Fat

One can now take off extra fat at will. If you have an over-fat abdomen or double chin you can clear it away completely without a minute's bother, exercising or dieting. Take a teaspoonful after meals and at bed time of this mixture: ¼ oz. Marmola, ½ oz. Fluid Extract Cascara Aromatic and 3½ oz. Peppermint Water—any druggist has them—and go on eating as best pleases you; don't worry about results.

The double chin and ponderous stomach will soon show signs of melting away. They will not sag in or wrinkle, however; just go down nice and smooth and even. That effect is due to the harmless natural action of the mixture.

This is explained as follows: Blame overfatness to the stomach. It is getting lazy. Instead of making energy and muscle from your food, it is manufacturing fat. The above mixture corrects this defect and hence it makes you stronger and healthier at the same time it is taking off of you 12 to 16 ounces of useless fat a day. The reason it affects double chin, hips, etc., first is because the fat on them is softer and can not resist the remedy as long as that on the limbs. But eventually all the fat has to go if you keep up the treatment.

DEBATING SOCIETIES ARE NOW ORGANIZED

HIGH SCHOOL HAS TWO OF THEM WELL ORGANIZED.

Other News Notes Concerning the High School—Grounds Will Be Improved.

Two literary societies have been organized in the High School. One is composed of the pupils of the 10th, 11th and 12th grades and the other of the pupils of the 8th and 9th grades. The officers of the senior society are Miss Eugenia Fagan, president; Miss Fannie Burkhim, vice-president; Miss Elvira Farrah, secretary; Mr. Clark Evans, treasurer. The officers of the junior society are Mr. George Mosely, president; Miss Myrtice Dean, vice-president; Miss Louise Parker, secretary; Mr. Park Hay, treasurer. Each society will meet twice each month. The seniors will hold their first regular session next Wednesday afternoon, when the following program will be rendered:

1. Instrumental solo—Margaret Merchant.
2. Quotations from Franklin.
3. Chorus by the High School Chorus.
4. Essay, "Benjamin Franklin"—Clara McDonald.
5. Recitation—Mary Dawkins.
6. Declamation—Willie Heagy.
7. Piano duet—
8. Debate—Resolved, that Cook deserves the credit for the discovery of the North Pole. Affirmative, Earl Kelley and Mabel Lamons; negative, Winnifield Pedrick and Sidney Godwin.
9. Instrumental solo.

Two basket ball grounds have been prepared; one for the boys and one for the girls. The other necessary equipment for playing has been secured; teams have been organized, and practise has begun. In a short while the public will be invited to witness some match games. If someone wishing to show the High School a kindness would furnish a few loads of clay, tennis courts would soon be provided. The principal desires to make school very attractive that the boys and girls may be held in school.

It would be of much benefit to the school, too, if a few public-spirited citizens would offer medals for certain things, or a prize for the best kept room.

The work of preparing flower beds will be begun next week. Suitable wire has been ordered for their protection. The Ladies' School Improvement Association will furnish some bulbs and other plants. Anyone else having suitable plants which they wish to donate will please notify the principal.

A lot for a school garden has been secured from Mr. W. W. Hampton and as soon as it can be put in order the class in agriculture will take charge of it. There is no more enthusiastic class in school than this.

HAPPY WOMEN

Plenty of Them in Gainesville, and Good Reason for It.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
She finds relief and cure?

No reason why any Gainesville reader

Should suffer in the face of evidence like this:

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp twinges through my body and if I did so it was difficult to regain an erect position. I was also subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severeness and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

The club is a little late in beginning this year, but other meetings were not held, as the club did not wish to interfere with the receptions so kindly tendered by the several churches.

FRANKLIN—MERRY.

On October 14, 1909, the home of Mrs. S. L. Merry was the scene of a quiet home wedding, the contracting parties being Mr. A. H. Franklin of Tampa, Fla., and Miss Grace Emeline Merry, daughter of C. H. Merry (deceased) and Mrs. S. L. Merry of Micanopy. The house was appropriately decorated for the occasion, and promptly at 9 a. m. the bridal couple entered the parlor, where, in the presence of family and friends, Rev. Duncan read the words which united the destinies and caused two happy hearts to beat as one. The bride wore a beautiful cream-colored gown, made in a simple but becoming style, in which she looked what she really is, the highest type of pure womanhood. Having been reared in Micanopy, she numbers her friends here by her acquaintances, and will be sadly missed, as Grace was a general favorite. The groom is a native of Ohio, but has lived in our "Land of Fowers" long enough to have made for himself hosts of friends in Tampa, where he is well and favorably known, and although but little known in the Micanopy section, he left a strong impression for good on the hearts of those whom he met while here.

After the ceremony and congratulations the bride donned a traveling suit, dinner was served, and they took their departure on the noon train for Tampa, their future home, taking with them the good wishes of all their friends. GUEST.

More Than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy nd body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. SANITARIUM NOTES

The Sanitarium has already received a number of inquiries from invalids in the North who think of spending all or a part of the winter in Florida.

Last winter the institution was advertised to some extent throughout the North, resulting in many inquiries as to rates and other information in reference to the Sanitarium. These inquiries came from many different States, and one from Rome, Italy.

It is to be regretted that Gainesville, or some such organization as the Board of Trade, does not issue some effective advertising matter for distribution during the winter months. If this were done, together with the attractive pamphlets which the Sanitarium will continue to issue, it is likely that a considerable number of tourists would be induced to spend awhile here every winter. Our attractions for people from the frozen North are greater than we ourselves realize. Last winter one of our patients at the Sanitarium kept a careful diary of the weather, and when he returned to his New York home in the spring he stated that there had only been three days during the entire winter when he could not sit out on the verandas in perfect comfort.

The condition of Judge A. J. Cone of Raleigh, who has been seriously ill at the Sanitarium during the past ten days, is somewhat improved. Judge Cone resided in Gainesville for a number of years and is well-known to many of our people.

Miss Vivian Peek, a niece of Hon. C. L. Peek of Starke, has accepted a position with the Sanitarium. Miss Peek is a trained nurse, and is considered quite proficient in her profession.

B. B. Ezell, one of the University students, has recovered from an attack of fever, and was able to return to the University and resume his duties a few days since.

The United States weather bureau costs $1,000,000 a year and employs 200 men in different parts of the country who send various reports about the weather in their locality to Washington twice each day. The bureau's forecasts are now sent to more than 1,000,000 farmers every day by means of rural delivery.

A great deal of praise was bestowed on Governor Broward for being the happy father of eight daughters. The Ex-Governor will now have to divide honors with Mr. J. H. Livingston, Jr., of this city, who is now likewise the father of eight daughters. His friends are all envious of the happiness that is his.—Ocala Banner.

In one particular, at least, Gainesville has Jacksonville and Tampa "skinned a mile." She has a new, scrupulously clean hotel, which, for $2.50 a day, gives a guest first-class table fare and also a commodious, well-furnished bed-room, equipped with a bath, steam-heat, and running hot and cold water. Such accommodations in other cities of the State cost $3.00 to $4.00 a day. The Gainesville hotel, too, has its own garden and Jersey cows contributing to the menu. For these reasons it is fairly entitled to this free advertisement.—Punta Gorda Herald.

The representatives of the majority of the Indian tribes of British Columbia have concluded to submit their grievances to King Edward and the Secretary of State for the Colonies, in the form of a petition in which they claim his majesty's protection in regard to their rights as his subjects, which they declare have been ignored by the Government of British Columbia. The Indians claim an interest in all the lands of the province, with the exception of some small portions of Vancouver island which were surrendered before confederation, declaring that their title was recognized and guaranteed by a proclamation issued by King George III in 1763, and was later accepted by the Legislature of Vancouver island colony. The assembled chiefs also appealed "to every tribe of Indians throughout the province to avoid all resort to force and violence in the assertion of their rights."

The announcement is made by the Chicago & Northwestern railroad that for the year which ended June 30, 1909, 27,000,000 of passengers were carried over its rails without a single fatality. It is difficult to comprehend the signification of this statement without the aid of illuminating illustrations. For example the number of passengers carried by the Northwestern during the period mentioned was more than all the railroads in the United States carried in the year 1850. It is a third of the population of the United States. The completed double track of the main lines of travel, and the operation of the automatic block signal system, which places a check on human fallibility by mechanical devices, contribute materially to the operating efficiency of the Chicago & Northwestern railroad and the elimination of the element of personal danger to the traveler.

TAFT AT THE MEXICAN BORDER.

President Taft's salary as chief executive of the United States is $205.48 per day.

If the President has earned his pay on any day since he begun his now famous "swing" through the West, it was on October 16, when, as the representative of 80,000,000 people of the United States, he expressed good will and esteem for the Government and people of our great sister republic to the South.

The long amicable relations of the United States and Mexico made the situation such that a bit of sentiment was all that was necessary to bring the two nations into a warm, sincere friendship. The meeting of Taft and Diaz, first at El Paso, then at Juarez, and later at Ciudad Juarez, was well worth the time of both executives.

Saturday, October 16th, marked the climax up to that time of pro-American sentiment in Mexico and pro-Mexican sentiment in the United States. On that day nothing was too good for the Mexican visitor in the border towns of California, Arizona, New Mexico and Texas. The American was equally welcome and popular in Mexico.

The exchange of well-wishes by the two Presidents having been entirely sincere and well-founded, the good will generated at the meeting echoed further than merely to the American and Mexican frontier towns; it reached every village and hamlet in both of the great republics, for the logical effects of the press reports of the international handshaking was to make all Americans, whether they lived in the States bordering on Mexico or in New England, feel just a little more friendly to the Mexican than ever before; and to make every Mexican see a little more to admire in his neighbor, the American.

The dispatches told how the residents of each side of the Rio Grande went a little further than half way in extending hearty welcome to their guests.

"The cities of El Paso and Juarez were gayly decorated," stated the Associated Press. "American and Mexican flags were everywhere entwined."

GAY WINTER IN MELROSE.

A gentleman who has just returned from the eastern part of the county says beautiful little Melrose is fairly bristling with activity and importance these days brushing up for the new season which will begin full blast the first of November. Fences are being straightened, roadways are being cleared up tidily, buildings are being painted, orange groves are being cleaned up, and a small army of mechanics are at work putting the finishing touches on improvements on the winter homes of the Northern people who form quite an important part of the population from November till April.

Already word has reached the village that a party will leave New York November 4th on the steamer City of Savannah, to include Emory J. Whitehead, who has been South to Melrose thirty successive winters and considers it the garden spot of the earth. To Mr. Whitehead more than to anyone else is due the present location and success of Melrose. It was on his first trip South, to hunt, that he decided to make a winter home on the ridge at the edge of Santa Fe lake. He built a hunting lodge, and in the next few years induced many of his friends to do likewise. A little settlement of hunters soon became the nucleus of the present prosperous town of Melrose, and Mr. Whitehead is regarded by all as the "Dean of the Village." He is now a full fledged citizen of Florida and is a "high up" Mason.

With Mr. Whitehead will come Mrs. Whitehead, Mr. and Mrs. Leigh M. Pearsall, Miss Edna Pearsall, Miss Hariot Pearsall and Miss Sackrider. It is said that about the same time Mr. and Mrs. Walter Hamlyn and Mr. and Mrs. Jules Remmel will come by rail South to spend the winter in Melrose. Others to come later include Mr. and Mrs. R. B. Embree of Bristol, Tenn., Mr. and Mrs. Frank Edwards of Westfield, N. J., Mr. and Mrs. Harry L. Terry and daughter, from Plainfield, N. J. Mr. Terry is a member of the New York Stock Exchange and Mr. Pearsall is a member of the New York Cotton Exchange and New York Produce Exchange.

Melrose bay and Santa Fe lake will be dotted with motor boats, some fifteen now being in commission, and others arranged for early shipment from Detroit and other boat-building centers. The more prominent pleasure motor craft now in the water are the "Dixie" (owned by B. A. Chamberlin), the "Effie" (owned by Walter Hamlyn), the "Lenemma" (owned by Harry Jackson), the "Santa Fe" (owned by Alexander Craig), the "Indian Princess" (owned by Leigh M. Pearsall), the "Chieftain" (owned by Thomas A. Birt), the "Getaway" (owned by Baron Luttichau), and the "Scooter" (owned by a Waldo gentleman.)

It is said that early in November a boat club will be formed and arrangements made for a regetta to be held early in February, when the town will entertain the surrounding country to a water fete such as has never been witnessed on Lake Santa Fe.

The ladies of the social set are scheming out card party plans of a most unique character, and swell receptions will be numerous. The Masons will doubtless give their usual annual oyster dinner which heretofore has been considered the event of the season.

Fine hunting dogs are being groomed by the hunters and the devotees of the rod are selecting their most tempting flies for a try at the fish. All told, the winter in Melrose will far outshine any previous season in point of social activity as well as winter tourist population.

More than $2,000,000,000 worth of mineral oil has been exported from the United States since that product began to be an article of exportation less than a half-century ago. It is one of the few articles of staple production in the United States whose sales abroad in the fiscal year 1909 showed an increase over the preceding year. A statement just compiled by the Bureau of Statistics shows that during the year which ended June 30 last, a year of declining exports in our trade as a whole, mineral oils showed a gain of over 100,000,000 gallons in sales to foreign countries and a gain of nearly $2,000,000 in value.

THFINDERS HAVE MOST PLEASANT TRIP

IVED HERE LAST NIGHT, MAKING GOOD TIME.

Finish of This Trip Will Decide the Most Available Route for Race.

e second and most interesting for the Tampa-Jacksonville enance race before the final test, is being made by a party represent- the Tampa Automobile Club, who ed in Gainesville last night. ose in the party are T. E. Bryan, ident; B. M. Reed, secretary, rep- nting the clu', C. S. Washington, ial road representative, and L. D. in of The Times. The party were heard from at Ocala last night :30 and were making remarkably time, considering that they left pa at almost the noon hour. his will probably be the last trip e outside of the cars that will be ed on to put up the signs, and n the same is ended it will be wn as to whether this is the offi- route that will be used in the urance run. all there are now over one hun- entries for this race and it will e of much benefit to the towns cities embraced, for the reason it will mark the official and best e overland and will cause many to pass through here. It will further advance the interests of hard road question and this alone be a matter of much good to the ntry.

he arrival of the party from Tam- last night was an almost surety t this was the route selected, but will not be known fully until the is finished. The party stopped r here and will be furnished with "pilot" from this city to Jackson- e on the final run today.

A FACT PROVEN.

Would Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the germ and you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

She Was No Child.

This college professor, like many other men of erudition, was fond of Lewis Carroll. While visiting his sister he asked his niece, a miss of fifteen, to get "Through the Looking Glass" for him from the public library. She evidently did not like the task, and he asked her the reason. With some hesitation she replied: "Oh, I'll get it if you really want it. But I don't like to have the librarian think that I read children's books."—New York Tribune.

No Need For Talk.

"Does the baby talk yet?" asked a friend of the family.

"No," replied the baby's disgusted little brother; "the baby doesn't need to talk."

"Doesn't need to talk?"

"No. All the baby has to do is to yell, and it gets anything there is in the house that's worth having."

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

MRS. McSHERRY IS PRESIDENT-GENERAL

Daughters of Confederacy Select Little Rock as the Next Place of Meeting.

HOUSTON, Texas Oct. 23.—With the selection of Little Rock, Ark., as the convention city in 1910 and the election of the general officers for the year, the sixteenth annual convention of the United Daughters of the Confederacy adjourned sine die last night, closing the sessions in Houston an hour before midnight. The following general officers were elected:

President-general, Mrs. Virginia McSherry of West Virginia.

First vice-president-general, Mrs. L. C. Hall of Arkansas.

Second vice-president-general, Mrs. M. E. Bryan of Texas.

Third vice-president-general, Mrs. Thomas T. Stevens of Georgia.

Recording secretary-general, Mrs. A. L. Dowdell of Alabama.

Corresponding secretary-general, Miss Childress of Louisiana.

Treasurer-general, Mrs. C. B. Tate of Virginia.

Register-general, Mrs. James B. Grant of Missouri.

Historian-general, Mrs. J. Endois Robinson of Virginia.

Custodian of flag, Mrs. F. A. Walk of Virginia.

Honorary presidents, Mrs. J. W. Tench of Florida, and Mrs. N. B. Randolph of Virginia.

In contrast to general expectations no contest developed over the election of general officers. A tenseness was discernable following the reading of delayed reports as the time for the election approached. As the gavel of the president-general fell, for calling the election, Mrs. Lizzie George Henderson of Mississippi, a past president-general, secured the floor and nominated Mrs. I. W. Faison of North Carolina, a former president of that division, and the motion was seconded by Alabama, Arkansas and Tennessee. Immediately following, Mrs. Tate of Virginia obtained the floor and placed in nomination the name of Mrs. Virginia Faulkner McSherry of West Virginia, Maryland, Florida and the District of Columbia seconding the nomination.

Short addresses were made in the interest of each candidate and then the roll call by States was begun. The vote stood 854 for Mrs. McSherry and 446 for Mrs. Faison, Mrs. McSherry being declared elected and upon motion of Mrs. Faison the election was made unanimous.

A telegram was read from President Taft at Corpus Christi, in which he expressed regrets at being unable to attend the sessions of the convention, as he would not arrive in Houston until tomorrow after adjournment of the convention. However the Daughters in a body will remain over until tomorrow and greet the President.

The Shiloh Monument Associations' committee's report was read by Mrs. White of Tennessee, which showed that over $20,000 has been donated last year.

The report by the treasurer of the fund was read by Mrs. Roy McKinney of Kentucky, and showed a balance of $5,420.20 for the erection of the monument. On motion on the floor of the convention, $1,000 was appropriated from the general treasury to the Shiloh fund.

The afternoon was given over to routine business in connection with the closing of the session.

THE MAYOR HAS LARGE DOCKET FOR MONDAY

NEW MARSHAL STARTS THE WHEELS OF JUSTICE GOING.

Will Have New Rule Effective at Once Which Must Be Complied With.

Marshal Dell has started the wheels of justice rolling in fine shape, and for his Monday morning matinee will have a dozen or more cases before Mayor Davis for hearing.

Among them are a number of scraps, drunks, and disobeying the line laws at the depot, but the most important is one of larceny, which was cleverly worked up and part of the articles recovered from the guilty one, whom he now has confined, and this case may be turned over to the county.

Florida Ware, a young negress who is a recent arrival in the city, was employed by a lady here and for some time she has been missing money and wearing apparel, but recently suspected her servant, and on Saturday Marshal Dell was notified and within a short space of time recovered some of the goods, besides $2 of the cash that she had pilfered from her employer.

Among the good things the new marshal has promised the public of Gainesville is the matter of wagons on the streets on Saturday. Besides, he says that he will also keep the sidewalks about the square and side streets opened up so people can pass, and not allow them to get in the condition they have been for a long while.

He states that instead of having the square made a stable of, and allowing so much feeding there, he will make the owners place the animals on the back streets, and on Saturday will not allow people to completely monopolize the streets.

The most important move is the new rule which he will put into effect regarding the closed sidewalks, and this will be hailed with keen delight by those who are compelled to do their shopping on Saturday evenings, but are bothered a great deal in traveling about the square by the closed sidewalks

A WOMAN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. The Magic Discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eye, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box B, South Bend, Ind.

Turn About.

A young English student late one cold and wintry night found the door of his college locked against him. The young man outside argued with the doorkeeper inside, cajoled and entreated, but to no avail. Eventually he slipped half a sovereign under the door and was admitted. It was a financial deal wisely thought out on strict business lines. Once inside, he informed the janitor (falsely) that, unfortunately, after taking the half sovereign out of his purse he had dropped the purse itself on the doorstep. The attendant went out to secure it, but once on the chilly, wet doorstep the door was slammed. Then the deal was repeated, for the shivering mercenary was not allowed into his warm abode until he had slipped the half sovereign back again.

Thoroughly Prepared.

At a religious service in Scotland the late Lord Kelvin noticed a youngster accompanying his grandparents and sitting wise as a young owl through the sermon.

At the close of the service Lord Kelvin congratulated the grandfather upon the excellence of the young man's behavior.

"Och, aye," returned the veteran, "Duncan's weel threatened afore he gangs in."

Beauty and Brains.

Of Course.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Not Personal.

Count d'Orsay had an explosive temper. Sir Algernon West says that the count "once called on the publishers, Messrs. Saunders & Otley, on Lady Blessington's behalf and used very strong language. A beautiful gentleman in a white neckcloth said he would rather sacrifice Lady Blessington's patronage than stand such personal abuse. 'I am not personal,' said D'Orsay. 'If you are Saunders, then — Otley; if you are Otley, then — Saunders.'"

A Banquet

Spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters it's stomach it is eaten by worms. That's the reason your baby is ailing, cross, pasty-faced and thin Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by W. M. Johnson.

Learned It by Ear.

The dear little girl arose, bowed and recited it in this manner:

"Lettuce Denby up N. Dewing,

Then, with the tumultuous applause of the audience ringing in her ears, she sat down in happy confusion.—Chicago Tribune.

A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

A BISMARCK STORY.

Playing the Role of Cousin Was Just to His Liking.

In his university days Bismarck was as jolly and boisterous as the least promising youth of his generation. According to the author of "The M. P. For Russia," he enjoyed dancing and singing better than study and was as full of fun as his chosen companion, Count Keyserling, was deficient in it, and on this difference in temperament hangs a tale.

One day the shy and reserved Keyserling came to Bismarck in great agitation.

"What is the matter?" demanded Bismarck.

"My mother writes that an aunt and two cousins are coming for a week to Berlin, and, as they are very young and inexperienced, I must go about everywhere with them, offering them all sorts of amusements. It is most annoying," groaned Keyserling, "as I have to prepare myself for examinations and have no time for pretty country cousins."

Bismarck saw his chance and immediately inquired:

"Have you ever seen these young girls? Have they ever seen you?"

"Never in my life."

"Capital! Nothing could be better. Let me be Count Keyserling for the time being, and you become simple Bismarck. You stay at home, and I shall become a first class cicerone during all the time of their visit."

Keyserling eagerly accepted the proposition. When the young ladies arrived, Bismarck met them as Keyserling and placed himself at their disposition during their stay in Berlin. Keyserling buried himself in his books and thought no more about it until the girls had gone home to the Baltic provinces.

A week or two later he was disconcerted by receiving a letter from home in which his mother expressed her great delight in hearing from the young ladies and their mother how immensely they had enjoyed themselves and how very agreeable and kind their cousin had been.

"I am overjoyed," continued the fond parent, "to hear from their description that you have grown quite stout and robust during your stay at Berlin."

ADVERTISE IN THE SUN There's a Reason.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

ABOUT ADVERTISING—NO. 4

The Hen and the Doorknob

By Herbert Kaufman

Once upon a time there was a fool hen who sat on a china doorknob for three weeks expecting to get a *family*. The only thing she did get was *experience*.

The advertising field is *full* of "china doorknob propositions"—examples of merchants who expect *good newspapers* to hatch money out of *bad egg business*, or who put *sound* nest eggs under the *wrong* "advertising hen."

There are three principles to follow in an advertising campaign: First of all, find a *business* that will *stand* advertising; secondly, find the *newspaper* that will make the advertising *pay*; thirdly, give the newspaper *time* to pay.

You can't start in to breed dollars in *less time* than it takes to *hatch* them any more than you can pull a hen off the nest before she has had a chance to incubate. In both cases you simply *waste* what has been invested. If you stop too soon you will get a *rotten egg* instead of a *chicken*.

Advertise something out of which you may reasonably expect *returns*, and when you have found *what to advertise*, take care that you place your copy in a newspaper *that can turn the trick*. Don't delude yourself with a china doorknob, and don't confuse a "rooster newspaper," which spends its time cock-a-looruming, for a "hen newspaper" that is too busy hatching out dollars to strut about crowing.

(Copyright, 1909, by Tribune Company, Chicago.)

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.
